Great Resource for Singles and Couples!By MrugsOne of the best resources I have found (along with the DVD teaching series) that teaches people of all ages (and in all stages of relationships) how to be powerful people who love well, communicate honestly, and build a marriage on a firm foundation. We use this in our church for singles (who can learn from the principles of healthy relationships, and apply much of it to their current friendships, and prepares them to make healthy, godly choices when they date), couples who are dating (it requires some tough conversations that can make or break a relationship, helping couples make wise decisions about whether or not to continue toward marriage), engaged couples and even those who may already be married. Danny Silk is a humorous, no-nonsense teacher whose wisdom has greatly influenced my life and relationships!0 of 0 people found the following review helpful. Excellent StudyBy Tricia HaleThis is an extremely helpful series. We use it for marriage counseling and are blessed every time we go through it!2 of 2 people found the following review helpful. I did the course with my church and it was ...By Annie ChaissonI did the course with my church and it was so helpful for my husband and I when we were dating and engaged. I just bought this for my sister who just got engaged. My Aunt is going to get them the videos to go with it.

Many Christian couples come to a point where they must "Define their Relationship." This awkward but pivotal conversation either pushes them apart or allows their relationship to develop into something greater. This course will help couples examine the exciting, yet unknown path they will travel together and help them carefully consider the strength of their relationship. This manual is designed to use in conjunction with a 9session DVD series that is available at www.LovingOnPurpose.com
